SDU Summer School

Shandong University is a key comprehensive university under the Ministry of Education, which has a long history, complete academic disciplines and strong academic strength. It is one of the high-level universities under the support of national "211 Project" and "985 Project". At present, 16 disciplines including mathematics, chemistry, physics, materials sciences and medicine have entered top 1% of ESI's world ranking according to their academic influence and contributions, that is 6th among all the Chinese universities.

Shandong University attaches great importance to international exchanges and cooperation, and have established over 170 university-level partnerships in more than 30 countries. In order to further promote the internationalization of the university and enhance the international exchanges, Shandong University organizes international summer school on various topics on humanities and social sciences, sciences, engineering and medicine, Chinese language training as well as China Studies. The 2018 international summer school will be held in July and August, ranging for two to four week, on China studies, Chinese archaeology, chemistry and transportation, etc. More details can be found from the program list below. We warmly welcome students from all
