Pledge for the Security Export Control -At the time of admission/adoption-

To President , University of Toyama

Full name: _____

(Signature) _____

I hereby pledge to comply with the following items during my enrollment/employment upon my admission/adoption by University of Toyama.

1. In any of the following cases, for students, I shall consult my supervisor or advisor, for faculties or researchers, I shall consult security export control advisor. If necessary, I shall take the procedures prescribed by the Foreign Exchange and Foreign Trade Act as well as applicable acts or ordinances established by the government of Japan, and the internal regulations of the university. Additionally, if it is subject to any export control regulations set by foreign governments, I shall obey all corresponding regulations.

(1) In the case that I intend to provide research-related technical information or experimental data to a foreign country, a non-resident* (a foreigner who resides in Japan less than 6 months after entry, Japanese staying abroad, or branches of Japanese corporations in foreign countries, etc.), or a resident under the significant influence of a non-resident (a person falling under the Specific Categories*). Also, in the case that it becomes clear that I will provide research-related technical information or experimental data after leaving the university.

(2) In the case that I intend to export (sending or bringing out to foreign countries) equipment or materials used in research or tangible objects gained by research. Also, in the case that it becomes clear that I will export aforesaid items after leaving the university.

2. I shall not use the research-related technical information or experimental data for the development, production, use, or storage of weapons of mass destruction (WMD; nuclear weapons, chemical weapons, biological weapons, WMD delivery systems such as missiles, and unmanned aerial vehicles) and conventional weapons, or materials, components, or products used aforesaid weapons. I shall use such research-related technical information or experimental data only for civil purposes.
